Requesting IMA

2. This acknowledgment certifies that this request meets the following directive instruction, and that this request is subject to HQ RIO auditing.

- AT split tour is not being requested solely for the IMA's convenience. NOTE: Extra funding is required for split.
- AFMAN 36-2136 states, "The primary purpose of AT is to provide individual and/or unit readiness training, but AT MAY support active component missions and requirements."
- Routine ATs are limited to NORMAL expenses incurred to send the IMA to their authorized training location. AT funding management is still the responsibility of the DET CC's and they are held accountable for their misuse."
- "Split tours are a management tool allowing DET CC's to split members AT when it is in the best interest of the Air Force. Use split AT only to accommodate special missions or training requirements."
- If the training requirement is at a location other than the unit of assignment/attachment, then the member may train at the alternate site if approved by the DET CC. The tour should conform with the duty hours of the unit involved and be scheduled to avoid loss of a productive day.
