

# ARCNet

## A Quick Guide from HQ RIO

### How to access and check your Individual Readiness Details

1. Log in to the [AF Portal](#).
2. Hover over Applications, then select ARCNet (or search and select ARCNet).
3. Click **Readiness** from the top menu.
4. Click **My Readiness Report**.

5. This will bring up your readiness details, like the example below. You may review the detail, save and/or print. You may see sections highlighted in **green** (ready/up to date), **yellow** (needs attention/due soon) or **red** (not ready/overdue).
6. Medical readiness, fitness testing, training, and security clearance data is all tracked and updated by your active component unit of assignment.
7. Each section shows what system the information was pulled from and the date it was pulled. If something is not updated, check the date to see when information last flowed.

Participation Readiness	Needs Attention	Position #			
Mobilization Readiness	Ready	PAS			
Duty Title		Office Symbol
